

THE ROCK'N'ROLL POETRY TRAIN

ROUTE 1: LOCAL

The journey you take with Route 1

is through a landscape of mountainous issues that may relate to, and affect you on an individual level in different areas and seasons of life: from aspects of childhood, parenthood and the lost directions of youth.

The poetry is not only dramatic but also direct and graphically descriptive. It is themed with songs that artistically enhance its meaning whilst embracing the raw entertainment value of

ROUTE 2: WORLD WIDE

Route 2 is a global journey across great raging oceans of debate that affect us all, whether we are just voyeuristic witnesses to them or swept up in their tidal waves of destruction. The issues that punctuate the scenery are like hurricanes that we, individually, have no control over, yet they can devastate lives.

The poems and the songs bounce off each other, intensifying the point posed for reflection.
